COVID-19 INFORMATION

DEXTER, NY – The Watertown International Airport is closely monitoring developments related to COVID-19 and will continue working with local, state and federal partners as guidance evolves. The airport is currently operational. Nearly all airport operations are deemed essential and will continue operating throughout the pandemic. Enhanced cleaning measures are in place throughout the terminal building and will remain in place for the foreseeable future. Your health and safety is our number one priority.

American Airlines continues to serve the Watertown community and remains committed to the health of their employees and customers. Flight schedules may be adjusted periodically so please check with them directly. For the most recent airline updates, please visit:
